THE CLIFF SPA

FOAM ROLLING ○

Incorporates foam rollers and Tha yoga stretches to release tension from the connective tissues of the body and stimulate myofascial release.

HATHA YOGA ○□◇

A blend of both active and passive movements. “Ha” translates to sun, and refers to the masculine components of the practice which generate the most heat, inviting blood flow into the body’s active zones. “Tha” translates to moon, and refers to the feminine asanas which produce relaxing sensations.

HA YOGA [POWER] ○□◇

This class conditions the masculine elements of the spirit. High-intensity vinyasa practices generate the most Tapas (heat) internally within the body through intentional active movements.

THA YOGA [RESTORE] ○□

This class conditions the feminine elements of the spirit. Deep and slow movements provide the body with prolonged relaxation and restoration.

FLUID HEART YOGA ○□

A lighthearted Vinyasa Flow for all levels. Asanas focus on opening the hips, shoulders, neck, and heart.

BUTTS AND GUTS ○□

A fun, stress relieving way to burn calories!
A high-energy session that conditions muscles and targets the hips, thighs, glutes and core.

YIN YOGA ○□◇

A slow-paced, meditative style of yoga that encourages deep emotional and myofascial release. Each asana is typically sustained for three to five minutes.

CROSS MAT YOGA ○□◇

Involves the use of two mats, creating a mandala by continually varying the direction of practice.

FULL BODY BURN ○□

A strength and conditioning workout that enhances balance, stability and coordination through the development of core and body strength.

YOGA NIDRA ○

Yoga Nidra, or “conscious sleep,” is a form of restorative meditation. The mind is transported to the state between wakefulness and sleep, creating a deep connection with the internal world and a disconnection from the external.

SOLA YOGA ○

Incorporates a wooden dowel to provide additional support in yoga asanas and to maximize the length, strength and functionality of each pose.
